A LIFE OF TRIALS,
TRIBULATIONS AND SUCCESS
A TALE TO INSPIRE

HIGHLIGHTS

- "What we are doing at Sankalp is not only about educating children. It is about giving an identity and voice to the nameless faces of the lower strata. It is about building a community of inspired youth for whom peace and harmony is the ultimate goal of the war against all evils. It is about discovering what we are capable of, both as an individual and as a group."
- "Keep your dreams alive. Understand to achieve anything requires faith and belief in yourself, vision, hard work, determination, and dedication. Remember all things are possible for those who believe"
- Meet Aditi, a small town girl from Madhepura, Bihar.
- She got 9.6 CG in 10th on her own unaided by tuitions...
- Her parents couldn't afford to send her to a good private English medium school for her intermediate exams and pay for her tuition & wanted to send her to a local college. Sankalp then convinced her parents that she must be given a chance to prove herself. With help of Sankalp vounteers, Navneet, Yogesh Neeraj and Vivek we got her admitted to a good school in Patna and paid half of her tuition fees. Navneet even started taking tuition to pay for her hostel fee separately. She scored 84% in her intermediate exams and got Computer Science branch in Haldia institute of Technology by cracking WBJEE..She consistently performed well in her internal exams and today, she gave us the news of our lifetime.
- Aditi got placed in India's leading Software firm, Infosys.
- From a small town in Bihar to Haldia and now to Infosys, her journey inspires each one of those who are fighting against the adversities to prove their mettle.
- Thank you Aditi for living upto our expectations. Your success is a testimony to the hard work , sacrifices and the battle waged by Sankalp is making an " India of our dreams"
